## Commercial FLOWER BULB Specialties

Since 1922

Our Bulbs and Plants are grown from young planting stocks only and every effort is made for disease control and keeping the stocks true to name. We do not offer "clean-up" surpluses of cut-over stocks that have been primarily grown for the cut flower markets.

We have the warehouse, equipment, and experience to give our stocks the care they should have and to properly pack and execute orders through-out the shipping season.

Many varieties and various sizes are short every year, so place your orders as early as you can for best selection and service. We will reserve your orders until you want them. Delivery any time now through May. If in need of large quantities of some particular items, let us know your wants, and we shall be glad to make you a special quotation on them.

TERMS: Open account to known parties or where suitable references are given; 2% discount 10 days, net 30; 3% discount for cash with order or if sent before shipping time. F. O. B. Holland, Mich. U. S. A. and no packing charges.
